

## SAFETY DATA SHEET

### PRON-UP

13 December 2014 No. 29204, "Ministry of Environment and the Ministry of Urbanism Regarding Hazardous Substances and Mixtures Regulation on the Safety Data Sheet" is neither appropriate arranged.

#### 1 SUBSTANCE / MIXTURE AND OF THE COMPANY / DISTRIBUTOR IDENTIFICATION OF

##### 1.1. Substance / mixture ID

##### 1.2. The specified uses advised against Use of the substance or mixture

Use Disinfectants Dry Granulation

##### 1.3. Details of the supplier of the safety data sheet

**Suppliers** Sanidez Ilac San. Tic. Ltd. Sti.  
Erenler Mah.1184 Sok. No: 1  
Erenler / Sakarya  
Tel: 0264 300 14 53  
E-mail: [bilgi@sanidez.com](mailto:bilgi@sanidez.com)

**Person to contact:** [bilgi@sanidez.com](mailto:bilgi@sanidez.com)

##### 1.4. Emergency telephone numbers

Sanidez Ilac San. Tic. Ltd. Sti: +90 264 300 14 53 (weekdays 08:00 to 18:00)  
National Poison Information Center (UZEM) - Turkey: 114  
Emergency Medical Services - Turkey: 112

#### 2 DESCRIPTION harmfulness

##### 2.1 Classification of the substance or mixture

###### Classification (28 848 TC)

Acute Togan 4: H302  
Asnd skin. 1B H314  
Aquatic Acute 1 H400

##### 2.2. Label elements

**Special labeling of certain preparations:**  
TC 28 848 / tagout by 2013

**Pictograms:**

**Word of warning:** Danger

**Harmfulness phrases:**

H302: harmful if swallowed.  
H314: Causes severe skin burns and eye damage.  
H400: Very toxic in aquatic environments.

**Precautionary Statements:**

P264: Handling before then rinse thoroughly with water.  
P270: Do not eat and drink anything while using this product.  
P273: Avoid release to the environment.  
P280: Wear protective gloves / protective clothing / eye protection / face protection.

## SAFETY DATA SHEET

### PRON-UP

13 December 2014 No. 29204, "Ministry of Environment and the Ministry of Urbanism Regarding Hazardous Substances and Mixtures Regulation on the Safety Data Sheet" is neither appropriate arranged.

P305 + P351 + P338: EYE CONTACT: Rinse carefully with water a few minutes. If the handle is plugged in and do, remove contact lenses. Continue rinsing.  
P301 + P330 + P331: If SWALLOWED: Rinse mouth. DO NOT attempt to induce vomiting.  
P303 + P361 + P353: in contact with the IF SKIN: Remove contaminated clothing and wash with water.  
P362 Remove contaminated clothing and wash before reuse.  
P391: Collect the spill.

#### 2.3 Other losses

Considered as PBT and vPvB does not contain any components.

### 3 COMPOSITION / INFORMATION ON INGREDIENTS

#### they 3.1.Madd

Not applicable.

#### 3.2.Karışım on

Name	EC No.	CAS No.	Quantity	Classification (TC 28 848)
I Alkyldimethylbenzylammoni in chloride	269-919-4	68391-01-5	30% <C <50%	Acute Togan 4; H302 Acute Tok.4- H312 Asnd skin. 1B; H314 Aquatic Acute 1; H400
urea	200-315-5	57-13-6	C> 50%	Volume Tah.2. ; H315 H319 Eye Tah.2-

Ifadeleri harmfulness are given in Section 16. The full text.

#### about Series

The data are presented in accordance with the latest TC and EU regulations.

### 4 FIRST AID MEASURES

#### A description of the aid measures 4.1.İlk

##### General Information

Remove the exposed person to fresh air immediately. Get medical attention if any discomfort continued.

##### Breathing

Remove the exposed person to fresh air immediately. Provide rest, warmth and fresh air. Respiratory distress have been exposed as required by trained staff person to be given oxygen when pulled. Get medical attention if any discomfort continued.

##### Swallowing

Do not induce vomiting! a person of unsound mind and do not drink a liquid kusturt certainly do not! Just consult a doctor!

##### Skin Contact

Wash the skin with water for at least 15 minutes.

##### Contact with eyes

Contact lenses should be removed if from the eyes before washing. Flush eyes immediately with plenty of water while gently opening the eyelids.  
Call a health professional to continue to rinse for at least 15 minutes.

#### 4.2. Important acute and delayed symptoms and effects

no available information.

## SAFETY DATA SHEET

### PRON-UP

13 December 2014 No. 29204, "Ministry of Environment and the Ministry of Urbanism Regarding Hazardous Substances and Mixtures Regulation on the Safety Data Sheet" is neither appropriate arranged.

#### 4.3. Tıbb first signs of intervention and the need for special treatment

Special treatment is not recommended. Treat symptomatically.

#### 5. FIRE FIGHTING MEASURES

##### 5.1. Fire extinguishers

Things used to extinguish the fire: Foam. Dry chemicals, sand, dolomite.

##### 5.2. Specific hazards arising from the substance or mixture

###### Unusual fire and explosion hazards

Vapors can be ignited.

###### Special Hazards

toxic gases in case of fire may occur;

Hydrogen chloride, carbon monoxide can be released.

##### 5.3. Advice for fire-fighting teams

Avoid breathing fire vapors. containers exposed to flames, cool with water until the fire is out.

Done without any danger of possible container, remove from the fire area.

Prevent flow into sewers and waterways of fire extinguishing water. pull a set to keep the water under control.

###### Protective equipment

A self contained breathing apparatus and full protective clothing in case of fire.

#### 6. Accidental RELEASE MEASURES

##### 6.1. Personal precautions, protective equipment and emergency procedures

Chapter 8 of this security information displayed in the form of protective clothing.

Do not smoke, do not use fire, do not use anything else igniter.

Avoid contact with eyes and skin and inhalation of vapors. Provide adequate ventilation.

In case of spills, beware of slippery floors and surfaces.

##### 6.2. Environmental Precautions

Discharge into drains, the ground or waterways. the loss occurring for discharge into waterways or outside immediately check if the developing related environmental agencies, or other appropriate control centers should be consulted.

##### 6.3. methods and materials for the storage and removal

to SPILL!

**Large spills:** Use protective equipment.

provided that there is no danger of the spill if possible. Vermiculite, dry sand or earth and dispose of sheep into the box. Wash with plenty of water to clean spillage area.

**Small spills:** Non-combustible debris, absorb to the absorbent material.

Transport container for disposal.

##### 6.4. References to other sections

See section 8 for personal protection.

For additional information about damage to health, see Section 11.

See section 13 for waste disposal.

#### 7 HANDLING AND STORAGE

##### 7.1. Precautions for safe handling

Avoid breathing vapor and mist.

##### 7.2. conditions for safe storage, including conflicts

It should be stored in well-ventilated areas.

**Store away from:** -

**Not suitable containers:** Data not available.

**Packing Material:** of container or surface coatings; mild steel or high density polyethylene (HDPE) use.

Made of polyethylene containers should not be exposed to high temperatures could change in a warm way.

##### 7.3. Specific end uses

This product is identified uses are detailed in Section 1.2.

## SAFETY DATA SHEET

### PRON-UP

13 December 2014 No. 29204, "Ministry of Environment and the Ministry of Urbanism Regarding Hazardous Substances and Mixtures Regulation on the Safety Data Sheet" is neither appropriate arranged.

#### 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

##### 8.1. Control parameters

Exposure limits:

Data not available

##### 8.2. Exposure controls

###### Personal Protective Equipment

###### Process Conditions

Eyewash station, provide safety shower.

###### Technical Measures:

Provide adequate ventilation. Pay attention to the occupational exposure limit and reduce the risk of inhalation of vapors.

###### Respiratory protection:

nor it made a specific recommendation, but still in the air in case of infection in unusual circumstances it may be necessary to use protective breathing excessively.

###### Hand protection:

Gloves suitable for permanent contact:  
Butyl rubber  
Operating time >= 480 min  
Glove thickness: >= 0.7 mm

Gloves suitable for splash protection: Material:  
Material: Nitrile rubber  
Usage Time: >= 30 min  
Glove thickness: >= 0.4 mm

###### Eye protection:

Wear safety goggles or face shield.

###### Health Measures:

In each work shift and before eating, wash your hands before going to the toilet and before smoking. Remove immediately all contaminated clothing. Wash the skin with soap and water if contaminated. Use appropriate skin cream to prevent drying of the skin. Do not eat anything during use, drinking and smoking.

###### Skin Protection:

Protective clothing and boots should be worn. Also it made of acrylic, polyester or neoprene rubber gloves and full protective clothing and footwear should be worn.

#### 9 PHYSICAL AND CHEMICAL PROPERTIES

##### 9.1. Information on basic physical and chemical properties

###### General information

Appearance	Dry Granulation
Color	Dry Granulation White
Smell	White Characteristic
Resolution	Characteristic
Boiling point	water-soluble
Flash Point	water-soluble
Melting point	> 135 °C
pH (1%)	> 100° C
	> 132°C
	6.5 - 9.0
	6.5 - 9.0

## SAFETY DATA SHEET

### PRON-UP

13 December 2014 No. 29204, "Ministry of Environment and the Ministry of Urbanism Regarding Hazardous Substances and Mixtures Regulation on the Safety Data Sheet" is neither appropriate arranged.

<b>Bulk Density</b>	No information.
<b>Density</b>	0,620- 1,000 g / cm <sup>3</sup>
<b>Explosion Feature</b>	Not explosive.
<b>Vapor Pressure</b>	No information
<b>Specific weight</b>	No information
<b>Viscosity</b>	No information.

#### 9.2 Other information

No information.

### 10 STABILITY AND REACTION

#### 10.1.Tepki to

No dangerous reaction known under normal conditions of use.

#### 10.2. chemical stability

under normal temperature conditions and is stable under the operating conditions is recommended. Stable under the anticipated storage conditions.

#### 10.3. Possibility of harmful reaction

not expected.

#### 10.4. Conditions to be avoided

Avoid exposure to excessive heat or direct sunlight.

#### 5.10. Substances to be avoided

Data not available

#### 10.6. Harmful decomposition products

They constitute a fire: Carbon monoxide (CO). Carbon dioxide (CO<sub>2nd</sub>).

### 11 TOXICOLOGICAL INFORMATION

#### 11.1. information about the toxic effects

##### Alkyldimethylbenzylammoni chloride (CAS: 68391-01-5)

LD 50 (oral-rat)> 2000 mg / kg (rat)

##### Volume of hassaslaştırcılık

No information.

##### Germ cell mutagenicity (in vitro - in vivo)

No information.

##### Carcinogenicity

No information.

##### Reproductive toxicity - fertility - Development

No information.

##### Breathing

Harmful by inhalation.

##### Swallowing

cause discomfort if swallowed.

##### Contact with skin

It may cause irritation.

##### Contact with eyes

May cause irritation

## SAFETY DATA SHEET

### PRON-UP

13 December 2014 No. 29204, "Ministry of Environment and the Ministry of Urbanism Regarding Hazardous Substances and Mixtures Regulation on the Safety Data Sheet" is neither appropriate arranged.

#### 12 ECOLOGICAL INFORMATION

##### 12.1. toxicity

EC 50: 0.016 mg / l (water flea)

##### 12.2. Persistence and degradability

Data not available.

##### 3.12. Bioaccumulative potential

It is a mixture of easily soluble.

There are no components with the potential to accumulate in nature.

##### 12.4. Mobility in soil

Data not available.

##### 12.5. Results of PBT and vPvB assessment

Considered as PBT and vPvB does not contain any components.

##### 12.6. Other adverse effects

None known.

#### 13 DISPOSAL INFORMATION

##### General information

When dealing with waste, the product will be taken when dealing with their own security measures will be considered.

##### 13.1. Waste treatment methods

The disposal of waste should comply with current regulations.

**Additional information:** Handling, storage, transportation and disposal must be in accordance with legal regulations should be. Do not discharge into surface waters and potable water systems. Dispose of waste in accordance with the procedures / move in.

#### 14 TRANSPORT INFORMATION

14.1. UN number (ADR / RID / ADN / IMDG / ICAO) 1759

2.14. UN proper shipping name CORROSIVE SOLID, BBB

14.3. Transport harmfulness class (s) 8

14.4. Packing group

III

14.5. Environmental hazards It is very toxic in the aquatic environment.

14.6. Special precautions for users

Not applicable.

## SAFETY DATA SHEET

### PRON-UP

13 December 2014 No. 29204, "Ministry of Environment and the Ministry of Urbanism Regarding Hazardous Substances and Mixtures Regulation on the Safety Data Sheet" is neither appropriate arranged.

#### 14.7.MARPOL 73/78, annex II and bulk transport of the IBC Code

Not applicable.

#### 15 REGULATORY INFORMATION

##### 15.1.Mad or mixture Safety, health and environmental legislation

###### National Regulations

Ministry of Environment and Forest Ministry, dated December 26, 2008 numbered 27092, Classification of Dangerous Substances and Preparations, Packaging and Labeling Regulations.

11 December 2013 No. 28 848, Classification of substances and mixtures, Labeling and Packaging Regulation on. Chemical Regulation on Health and Safety at Work Measures.

Regulations on the Use of Personal Protective Equipment business. No. 6331 Occupational Health and Safety Act.

27449 (4 repeated) Hazardous Waste Control Regulation amending Regulation of 31 December 2009 on Biocidal Products.

#### 16 OTHER INFORMATIONS

##### Information Resources

This product has GBF was organized on the information received from the company.

##### Related Revisions Description

This SDS has been harmonized with the relevant regulations.

##### Turkish Moderated

Semra NATURE - Certified SDS Preparatory Certificate Number: GFB-A-0-2837

New Issue Date	04/08/2019
Preparation Date	03/03/2019
The Revision Number	2nd

##### All of the harmfulness of expression

H302: harmful if swallowed.  
H312: Harmful in contact with skin.  
H314: Causes severe skin burns and eye damage.  
H315: Causes skin irritation.  
H318: Causes serious eye damage.  
H400: Very toxic in aquatic environments.
